Residents  
Barrow Hill Estate

Date: 3 June 2024

Dear Residents

## **Barrow Hill Landscaping of Communal Gardens and Tarmac Y140**

Thank you to all residents that participated in the ballot for voting whether works should start in June or September 2024.

The majority vote was for the works to start in September as many residents felt it was unfair for residents with children to miss out on the summer months and enjoy the gardens.

We have been informed by our Contractors United Living that the works will commence on the 2 September 2024.

The landscaping works are scheduled to take around 3 months so works should start to finish early December 2024.

Sorry for any inconvenience caused while works are being carried out!

If you need to contact me please do so by e-mailing me at [residentadvocates@westminster.gov.uk](mailto:residentadvocates@westminster.gov.uk) or by calling 0800 358 3783 and leaving me a message, I will get back to you ASAP!

Yours sincerely
