**Ref: Major Works X254**

Dear Residents,

**RE - Planned major works X254 Next Meeting**

The next meeting is scheduled for **Monday 30 September 2024 at 6.00pm** in the Braithwaite Meeting Room.

Before the meeting could I ask all residents to please observe the mock ups on the 1<sup>st</sup> floor of each tower block so that you can observe how it will look should you choose the option of keeping the glass as I know that many of you favoured this for security reasons as opposed to panels blocking out the light!

Hoping that we can move forward with this project with the outcome of the meeting!

Looking forward to seeing you all in the Braithwaite Meeting room on the 30 September!

Best Regards
