

Welcome to our December Newsletter. We hope that you find the information we are providing helpful. We certainly appreciate your patience during these major works and would like to take this opportunity to wish you and your families a Merry Christmas and a very Happy New Year.

Programme Changes

We appreciate that the programme dates have changed . This is due to the ventilation ducting, requiring design changes and extra surveys.

We will of course write to you in the New Year with an updated programme of works.
