Dear Residents,

Re: Irving House Major Works – Right of access

I am writing to provide you with an update on the planned major works at Irving House.

We were informed some time ago that we do not have right of access to the basement, therefore we are not able to proceed with the planned works until the matter is resolved.

The council's corporate property team are dealing with this, and they are hoping to have a resolution by early 2025.

We know this will be very disappointing news to you and we had hoped to have a resolution earlier.

I will write to you again when I have an update.

Yours sincerely

Lindsay Jenkins
Resident Advocate
