Dear Resident

Re. Brunel ventilation works – summary of residents meeting (project X253)

We held a meeting for residents about the planned major works to the estate on 8 May.

At the meeting we gave an overview of the works planned, and the various stages we need to work through before these works take place.

For the benefit of all residents, I am enclosing a summary of the key things covered at the meeting. This also includes some specific questions raised by the residents who attended and our answers to these.

As our plans progress for these works, we will arrange further meetings for residents to keep you informed. You can also refer to our website at any time as this will be regularly updated with all relevant information regarding the works:

www.cwh.org.uk/brunel-estate-ventilation-x253

If you have any questions about the planned works that are not covered in the summary, please contact me and I will be happy to assist. You can call our customer services team and ask to speak to Vicky Simpson in the Property Services Team, or you can email me directly at vsimpson@cwh.org.uk.

Yours sincerely

Vicky Simpson
