Scheduled Power Outage Notification

Dear Residents,

We would like to tell you about a scheduled shutdown of the electrical power that will affect the entire block, including satellite services, community fibre internet, and lift operations.

This temporary interruption is necessary to install the remaining communal lights and to make them live.

Date of Outage: Monday 9 December 2024

Duration: Approximately 4 hours

Time: From 9:30 AM to 1:30 PM

During this period, please be aware that in addition to the loss of electrical power, the following services will be impacted:

Satellite Services: Television and satellite-based internet connections will not be available.

Community Fibre Internet: There will be no internet access through the community fibre network.

Lifts: Lifts will be non-operational during the outage.

We apologise for any inconvenience this may cause and thank you for your understanding and cooperation. Our team is committed to restoring services as quickly and safely as possible.

If you have any questions regarding these works, please contact, Axis's resident liaison officer **Michelle Ralph** on **07359 726 348** or via email Michelle.ralph@axiseurope.com

Yours sincerely,

Resident Liaison Officer
Michelle Ralph
