

Welcome to this months newsletter. We hope that you find the information useful.

Works are progressing very well at Wharncliffe Gardens and we have to thank residents for their continued support and understanding. We appreciate that this can be an inconvenience at times but we will do our very best to keep any disruption to a minimum. Thank you again.

COVID-19 SAFE WORKING PRACTICES ON SITE

Keeping you and our teams safe during these uncertain times is our top priority. Our new systems of work will ensure we take every step possible to ensure the health and safety of every person we come into contact within the course of our daily work including staff, clients, residents, supply chain and general public.

Scaffold Safety

Please be aware that while scaffold is being erected, altered or dismantled you may have restricted access to the opening of some windows.

Scaffolding should only be accessed by United Living staff.

An alarm is fitted at base level and our access ladders and hatches are locked at the end of each day. In addition, end of day checks are documented and photographed.

Should you notice anyone on the scaffold outside of our working hours, please do not hesitate to call the police.

Please remember:

- Keep windows closed during work and when you go out.
- Keep valuables and breakable possessions away from windows.
- Keep children and pets away from open windows to avoid them getting on to the scaffold.
- Please ensure pets and children do not play beneath or attempt to climb the scaffold.
