Dear Residents

Re: Security Hallfield Estate

We have been contacted by some residents about their deliveries from Amazon or Gusto being stolen from outside of their homes. They have reported that the thieves were wearing Hi-Vis jackets.

If you do notice anything suspicious, you should report it to the Police by dialling 101 or 999 if the incident is urgent. Please ensure that you get a crime reference number.

Separately, we will raise your concerns with our colleagues in our Anti-Social Behaviour Team who liaise directly with the local police teams

We have noted that the scaffolding erected on the estate is any easy target for these thieves to take your parcels without easily being visible. We are working with Axis our contractors to see where extra lighting can be installed.

### **Reminder**

Coffee mornings are still going ahead every 2 weeks, the next one is Monday 14 October at 11.00am. We also have evening drop ins the first Wednesday of every month the next one is 6 November at 5.00pm in the Pickering Hall. We will have a member of Axis, a member of the resident Engagement Team and a Major Works representative present so that we can answer questions you have regarding the works progress or any other concerns that you would like to address.

Yours Sincerely

**Diane Volpi**
