Dear Resident,

RE: Y100 Blandford Estate - Working Group

Following the resident meeting on 15 August 2023, we have decided to establish a Working Group to address the progress of the Y100 Blandford Estate major works project, your concerns, and other related matters.

Working Group

As discussed in our meeting, some of the primary concerns for residents include the repair of the gates, project costs, and their active involvement in every phase of the project. We are fully committed to ensuring residents are updated in the planning and design process. To achieve this, we are in the process of setting up a dedicated Blandford Estate Working Group. The initial planning stage is scheduled to transition to the Design Phase by the end of October 2023.

How to Join?

To sign up, please email Shah Alam at residentadvocates@westminster.gov.uk with '**Y100 Working Group**' in the subject line. Please include your full name and address for identification purposes.

Once you join, we will send you a Terms and Conditions document. Please note that all Working Group sessions will be recorded, and these recordings can be made available to project stakeholders, including Working Group members, upon request.

Mailing List

Upon registration, you will be added to our mailing list, where only registered members will receive invitations to the Working Group Meetings and follow-up updates. Your email address will also be visible to other group members; however, if you prefer not to share your email address, please inform me during your registration.

In terms of forming a group for Blandford Estate, we would need to ensure equal representation with both leaseholders and tenants joining the working group.

Yours sincerely

Shah Alam
Resident Advocate
