London, W9 1QS

Dear Resident,

Ref: Planned Major works at Scottish Towers (project AB108) – Brickwork and Concrete Investigations

As you are aware, Axis Europe is working together with Westminster City Council to carry out major works to your home.

Axis will need to undertake some concrete and brickwork investigations to your block, Edinburgh House, focusing on floors 1 to 4.

To enable our contractor to carry out these important surveys they will need to drill into the concrete which will create some noise throughout the day.

These works will commence on Monday 22nd July and will be completed by Thursday 25th July. Our working hours are 9am until 4:30pm.

Once we have completed these works we will write to you again if we need to return to carry out further investigations at Scottish Towers.

We will not require access into your homes as these works will be done externally.

We would like to apologise for our failure to notify you of yesterday's noisy works, and for any inconvenience this may have caused. Moving forwards we will ensure to keep everyone informed of any upcoming works or intrusive surveys that may be required, and thank you for your understanding whilst these works take place.

If you have any questions regarding the works, please contact your Senior Resident Liaison using the contact details below:

Yours Sincerely,

KBrown

Dear Resident,

Ref: Planned Major works at Scottish Towers (project AB108) – Brickwork and Concrete Investigations

As you are aware, Axis Europe is working together with Westminster City Council to carry out major works to your home.

Axis will need to undertake some concrete and brickwork investigations to your block, Edinburgh House, focusing on floors 1 to 4.

To enable our contractor to carry out these important surveys they will need to drill into the concrete which will create some noise throughout the day.

These works will commence on Monday 22nd July and will be completed by Thursday 25th July. Our working hours are 9am until 4:30pm.

Once we have completed these works we will write to you again if we need to return to carry out further investigations at Scottish Towers.

We will not require access into your homes as these works will be done externally.

We would like to apologise for our failure to notify you of yesterday's noisy works, and for any inconvenience this may have caused. Moving forwards we will ensure to keep everyone informed of any upcoming works or intrusive surveys that may be required, and thank you for your understanding whilst these works take place.

If you have any questions regarding the works, please contact your Senior Resident Liaison using the contact details below:

Yours Sincerely,

KBrown

Axis will need to undertake some concrete and brickwork investigations to your block, Edinburgh House, focusing on floors 1 to 4.

To enable our contractor to carry out these important surveys they will need to drill into the concrete which will create some noise throughout the day.

These works will commence on Monday 22nd July and will be completed by Thursday 25th July. Our working hours are 9am until 4:30pm.

Once we have completed these works we will write to you again if we need to return to carry out further investigations at Scottish Towers.

We will not require access into your homes as these works will be done externally.

We would like to apologise for our failure to notify you of yesterday's noisy works, and for any inconvenience this may have caused. Moving forwards we will ensure to keep everyone informed of any upcoming works or intrusive surveys that may be required, and thank you for your understanding whilst these works take place.

If you have any questions regarding the works, please contact your Senior Resident Liaison using the contact details below:

Yours Sincerely,

KBrown

London, W9 1QT

Dear Resident,

Ref: Planned Major works at Scottish Towers (project AB108) – Brickwork and Concrete Investigations

As you are aware, Axis Europe is working together with Westminster City Council to carry out major works to your home.

Axis will need to undertake some concrete and brickwork investigations to your block, Edinburgh House, focusing on floors 1 to 4.

To enable our contractor to carry out these important surveys they will need to drill into the concrete which will create some noise throughout the day.

These works will commence on Monday 22nd July and will be completed by Thursday 25th July. Our working hours are 9am until 4:30pm.

Once we have completed these works we will write to you again if we need to return to carry out further investigations at Scottish Towers.

We will not require access into your homes as these works will be done externally.

We would like to apologise for our failure to notify you of yesterday's noisy works, and for any inconvenience this may have caused. Moving forwards we will ensure to keep everyone informed of any upcoming works or intrusive surveys that may be required, and thank you for your understanding whilst these works take place.

If you have any questions regarding the works, please contact your Senior Resident Liaison using the contact details below:

Yours Sincerely,

KBrown

Dear Resident,

Ref: Planned Major works at Scottish Towers (project AB108) – Brickwork and Concrete Investigations

As you are aware, Axis Europe is working together with Westminster City Council to carry out major works to your home.

Axis will need to undertake some concrete and brickwork investigations to your block, Edinburgh House, focusing on floors 1 to 4.

To enable our contractor to carry out these important surveys they will need to drill into the concrete which will create some noise throughout the day.

These works will commence on Monday 22nd July and will be completed by Thursday 25th July. Our working hours are 9am until 4:30pm.

Once we have completed these works we will write to you again if we need to return to carry out further investigations at Scottish Towers.

We will not require access into your homes as these works will be done externally.

We would like to apologise for our failure to notify you of yesterday's noisy works, and for any inconvenience this may have caused. Moving forwards we will ensure to keep everyone informed of any upcoming works or intrusive surveys that may be required, and thank you for your understanding whilst these works take place.

If you have any questions regarding the works, please contact your Senior Resident Liaison using the contact details below:

Yours Sincerely,

KBrown

As you are aware, Axis Europe is working together with Westminster City Council to carry out major works to your home.

Axis will need to undertake some concrete and brickwork investigations to your block, Edinburgh House, focusing on floors 1 to 4.

To enable our contractor to carry out these important surveys they will need to drill into the concrete which will create some noise throughout the day.

These works will commence on Monday 22nd July and will be completed by Thursday 25th July. Our working hours are 9am until 4:30pm.

Once we have completed these works we will write to you again if we need to return to carry out further investigations at Scottish Towers.

We will not require access into your homes as these works will be done externally.

We would like to apologise for our failure to notify you of yesterday's noisy works, and for any inconvenience this may have caused. Moving forwards we will ensure to keep everyone informed of any upcoming works or intrusive surveys that may be required, and thank you for your understanding whilst these works take place.

If you have any questions regarding the works, please contact your Senior Resident Liaison using the contact details below:

Yours Sincerely,

KBrown
