Ref: Russell House Major Works (project T168b)

Dear Resident,

Russell House Major Works (project T168b) – meeting questions and answers

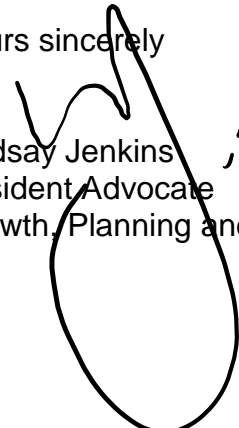

Westminster City Council's Asset Strategy team met with residents in August to re-introduce the Russell House major works project (T168b).

During the meeting questions were asked regarding the works and enclosed with this letter is the Questions and Answers sheet.

The Client Brief has been handed to our term contractor United Living and they are now developing the Service Provider Proposal based on the scope outlined in the brief.

We will write to you again in the New Year with a further update on the project.

Yours sincerely

Lindsay Jenkins
Resident Advocate
