HOW TO GET TO FURNISH

Furnish is located at Unit 20, Mitre Bridge Industrial Estate, Mitre Way, London W10 6AU. Mitre Way runs off Scrubs Lane, between Shepherds Bush and Harlesden.

If coming from the south, (i.e. from the Westway) turn right under the small railway bridge into Mitre Way, immediately after the Texaco petrol station just after North Pole Road.

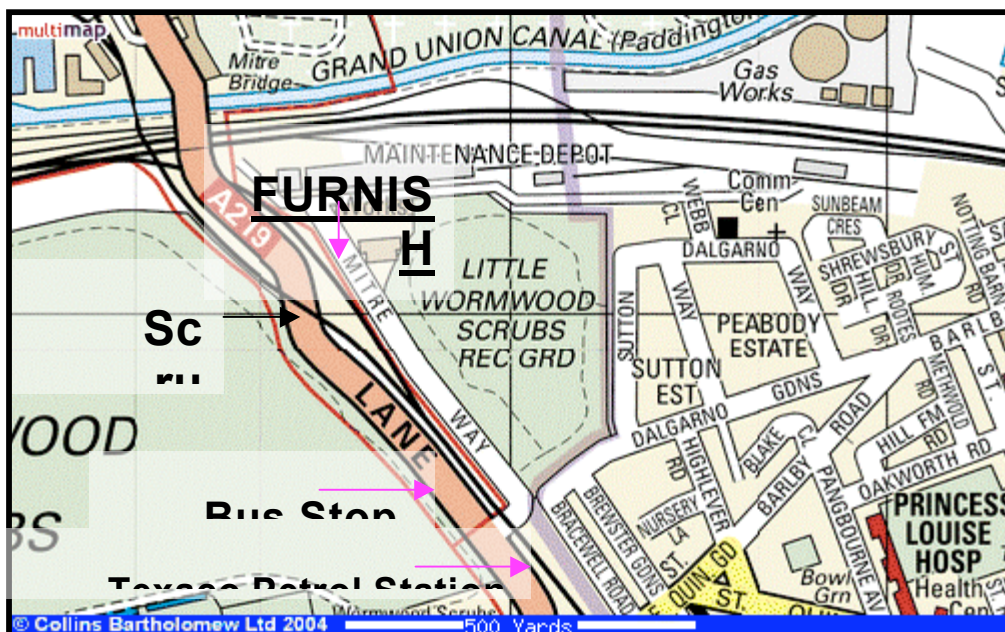

If coming from the north, (i.e. from the Harrow Road) turn left under the small railway bridge into Mitre Way, just before the Texaco petrol station.

As you continue up Mitre Way, Furnish is the second warehouse that you will see on your left (Unit 20).

If you are travelling by car, there is free parking in the Furnish car park.

If you are travelling by underground, the nearest station is White City on the Central Line. It is about 15 minutes walk from the underground station to Furnish. You should turn right out of the tube station and head north up Wood Lane, crossing underneath the Westway Flyover. Then continue north until Mitre Way, which is on your right under the small railway bridge.

If you are travelling by bus, the 220 bus (which runs from Hammersmith to Harlesden) stops directly opposite Mitre Way. This bus also stops outside White City tube station.
