Subject: Mayfair Neighbourhood Plan

Please find my representations in respect of the Mayfair Neighbourhood Plan below:

The fundamental challenge in Mayfair is to protect what makes the area such a unique place to live, work and visit whilst accepting that it must take the growth planned for at London and National level.

The plan is forward-thinking and is seeking to accommodate this growth whilst critically protecting and improving Mayfair for the lifetime of the plan period. It is aspirational and lays down markers that developers can use to capitalise on development opportunities in the area whilst seeking to ensure as part of that process that the public realm and environment is enhanced for the health and enjoyment of everyone.

I fully support the aspirations of the plan and the hard work that has gone into its production. It represents, in my view, the best representation and voice of Mayfair as a community having had input from all sectors of Mayfair's community.

Kind regards

Alice
