## WORKS BEGIN ON NEW LANDSCAPED AREA IN FRONT OF PARSONS HOUSE

Works have recently started to visually improve the high raised podium area right outside Parsons House by creating a beautiful and useable landscaped area.

These works are due to be completed by summer, just in time for you and your family to enjoy the newly created seating area surrounded by new greenery. This area will be accessible by stairs and a ramp.

## NEW HOMES TO BE BUILT AT ADPAR STREET

**W**e are pleased to announce that following planning approval in October 2020 we have hired Osborne to start construction of 20 new affordable homes on the former car park site at Adpar Street in Summer 2021.

These will be fully accessible one-bedroom homes for older people and others who will benefit from community supportive housing.

As part of the Adpar Street development Osborne will be landscaping the space between the car park and Braithwaite Tower. The green space will include new and replanted trees. On the park side of the building,

we will be adding planting to enhance the area. As part of these improvements we will be opening up the walkway between the new building and Braithwaite Tower.

Osborne have been carrying out site investigations before the main construction work begins in Summer 2021.

Curtis Donovan will be the Resident Liaison Officer for this development, continuing to support the community after Parsons North has finished. If you have any queries about this project please email us at [adpar@westminster.gov.uk](mailto:adpar@westminster.gov.uk)

## NHS COVID-19 TESTING STANDBY VOLUNTEERS

Westminster Connects is looking for volunteers to be on standby for surge testing in Westminster. You will no doubt have seen reports of surge testing taking place in a number of London Boroughs, Westminster is planning how we would go about testing large numbers of people, up to 10,000, in a particular area, at short notice in case necessary. We would like to do this with the support of volunteers dropping off tests to each household and collecting them a couple of hours later.

If you have the time and wanted to register your interest at [westminster.gov.uk/coronavirus-how-you-can-help](http://westminster.gov.uk/coronavirus-how-you-can-help), If you have any questions about the role, please contact [cmead@westminster.gov.uk](mailto:cmead@westminster.gov.uk)

## CENSUS 2021 – LET YOUR VOICES BE HEARD

Make your voices heard by completing the census. Sunday 21 March is Census Day and we're asking all households in Westminster to take part in the once-in-decade survey. The outcome from the census affects us all. For the council, it helps us to plan and fund local services that are dear to residents. Whether it's healthcare, employment support, library resources or transport services, data helps us to map out and include all our communities' society needs. The Office for National Statistics have posted ID letters to all households in England and Wales. This allows you to complete the census Online. You don't have to wait until

Sunday, you can complete the survey today. In addition, the Online survey remains open to Tuesday 4 May. Your voices count. We want to better understand your needs and ensure all our communities are represented. Visit [census21.info/paddington-green](http://census21.info/paddington-green) to find out more or ring **0800 328 2021** to request a paper copy of the census.
