Subject: Port of London Authority Response: Queens Park Neighbourhood Plan consultation (Submission version Regulation 16)

Follow Up Flag: Follow up
Flag Status: Flagged

Dear Neighbourhood Planning Team

Thank you for consulting the Port of London Authority (PLA) on the submission version of the Queen's Park Neighbourhood Plan from Queen's Park Community Council in accordance with Regulation 16 of the Neighbourhood Planning (General) Regulations 2012 (as amended). For information, the PLA is the Statutory Harbour Authority for the Tidal Thames between Teddington and the Thames Estuary. Its statutory functions include responsibility for conservancy, dredging, maintaining the public navigation and controlling vessel movements and its consent is required for the carrying out of all works and dredging in the river and the provision of moorings. The PLA's functions also include for promotion of the use of the River Thames as an important strategic transport corridor to London. I have now had the opportunity to review the submission version of the neighbourhood plan and given the areas location can confirm that the PLA has no comments to make.

Regards

Michael
